FAQ

Q1	How long will the 100% Brazilian hair last?
----	---

The 100% Brazilian hair can last for a very long time, it depends on how you maintain it. If you treat it like your own hair and take good care of it, then it will last longer.

Q2	Why my 100% Brazilian hair extensions are getting tangled?
----	--

Your Brazilian hair Extensions are getting tangled due to dryness. Make sure to wash your Brazilian hair at least once a week, twice a week is better. To avoid tangling while you sleep, wrap hair up with a satin scarf or use a satin sleep cap or a satin pillow case to prevent friction.

Q3	How to tell Brazilian human hair with synthetic hair?
----	---

Human hair has natural protein. It is easy to tell by burning and smell: human hair will be ash, which will go away after pinching. Human hair will smell foul. When burning, the human hair will show white smoke. While synthetic hair will be a sticky ball after burning and will show black

Q4	How to tell Brazilian human hair with synthetic hair?
----	---

Treat the Brazilian hair as if it is your own. Use a flat iron/straightener or tongs, even when fitted, but as with your own hair, never use hot tools too often as you could dry the Brazilian hair and it will not last as long.

Q5	Will people be able to see if I am wearing Brazilian hair extension?
----	--

The Brazilian hair is undetectable when in place and will stay in place until you remove them. Nobody will know they are there unless you tell them.

Q6	What type of hair care products should I use?
----	---

Treat this hair just as if it was your own hair. Use good quality shampoo and conditioning products conditioning our Brazilian hair is very important to keep it soft and manageable, so use leave in conditioners. You can also use products like gel and hair spray to keep the curls in place, but make sure to wash your Brazilian hair and not leave in these products in for a long time.

Q7	How many pieces Brazilian human hair weft do I need?
----	--

For average head size, here is my suggestion:

12"-14": 2 bundles

16"-22": 3 bundles

24"-28": 4 bundles or more

And if use with a top closure, will look much perfect.

Q8	Why does my 100% Brazilian human hair shed badly?
----	---

Generally, the Brazilian hair weft doesn't shed. You can check it before you install. But some Brazilian hair maybe shed after you install, you will ask why. First, some person like narrow-toothed comb, if you don't comb your Brazilian hair gently, it will shed easily. Second, if you cut the weft many times when you install the Brazilian hair, the hair will shed easily from the place where you cut, you'd better put some glue in the cut edge.

Q9	Why the colors of Brazilian hair extensions don't seem exactly as the pictures show or description says?
----	--

Different monitor have different displays. The same color number may have a little color difference. You could dye the Brazilian Hair Wholesale if you need different colors.
