| Assurance      | high quality,reasonable price,best service,good reputation      |

## How to wear

1. Make a spit section horizontally, start about 2 inches from the bottom of your neck

2. Pinch out a section of strands, pick the strands in as straight angel as possible from the scalp.

3. Place a protection pad over the strand and attach it with a clip.

4. Place the U TIP under the strand at least 1 cm from the roots.

5. Use a fusion connector tool to heat up the keratin tip some seconds until it melts.

6. Wait seconds the keratin cools down a little, then roll it with your fingers to seal the keratin around your own hair.
